**All games are to 15** (win by two, point cap at 17, except in cap).

**Time-outs:** One per half plus one floater. No timeouts in the time cap. However, if a timeout is erroneously called in the time cap, it is not a turnover.

The game continues after a check, as if there was no call. There is exactly one time out during overtime for each team, regardless of how many time outs they have used or have left.
